**To Whomsoever It May Concern**

It gives me immense pride to commend the remarkable achievements of the student-led initiative Unnati, and the outstanding young individuals who have driven this transformative project.

Unnati was founded with a vision to empower underprivileged students across India by making them aware of online opportunities – scholarships, skill development programs, freelancing avenues, AI applications, and more. Through their dedication, these students conducted 30+ sessions across six states, directly impacting over 6,000 underprivileged learners.

Beyond this, they developed a comprehensive website that consolidates vital resources for academic learning, skill-building, and career opportunities. This platform has already proven to be an invaluable tool in helping disadvantaged students pursue their ambitions and break barriers.

Website: <https://www.unnatiorg.com/en>

Their work is a shining example of how young leaders can blend compassion with innovation to create meaningful, large-scale social change. The following students deserve special recognition for their leadership and commitment:

1. Aashi Goyal - Founder
2. Jasnam Singh Arora - President
3. Janvi Lalwani - President
4. Dhwanil Gillari - Logistics Head
5. Rynna Gattani - Design Head
6. Hershel Goyal - Co-Founder
7. Bhavya Jain - Outreach Head

I wholeheartedly recommend these students to any esteemed institution or opportunity they may pursue. Their ability to translate care into action, and action into lasting change, makes them true assets for the future of our nation and the world.

Yours sincerely,

  
(Sunil Gupta)  
Vice Chairman  
Economic Policy and Planning Board Punjab
